Die direkteure is verantwoordelik vir die instandhouding van toereikende rekeningkundige rekords en die voorbereiding, integriteit en redelike aanbieding van die finansiële state en groepfinansiële state van Sentraal-Suid Koöperasie Beperk. Die finansiële state en groepfinansiële state is opgestel in ooreenstemming met 'South African Statements of Generally Accepted Accounting Practice' en op die wyse soos vereis deur die Koöperasiewet en sluit bedrae in wat op die oordeel en ramings van bestuur gegrond is. Die finansiële state en groepfinansiële state is gegrond op toepaslike rekeningkundige beleid wat in ooreenstemming met dié van die vorige jaar is, tensy anders gemeld.

Die direkteure is ook uiteindelik verantwoordelik vir die groep se stelsel van interne finansiële beheer. Hierdie kontroles is ontwerp om redelike, maar nie absolute geruststelling te bied oor die betroubaarheid van die finansiële state en groepfinansiële state, die toereikende beskerming en verantwoording van bates, en om verliese te voorkom en op te spoor. Geen aangeleenthede het onder die aandag van die direkteure gekom wat 'n wesentliche ineenstorting in die funksionering van hierdie kontroles, prosedures en stelsels gedurende die jaar onder oorsig aandui nie.

Die lopende-saak grondslag is met die opstel van die finansiële state en groepfinansiële state gevolg. Die direkteure het geen rede om te glo dat die groep nie in die afsienbare toekoms 'n lopende saak sal wees nie, gegrond op vooruitskattings en beskikbare kontant- en finansieringsbronne.

Die finansiële state en groepfinansiële state is geouditeer deur die onafhanklike ouditeure, PricewaterhouseCoopers Ingelyf, wat onbeperkte toegang gegee is tot alle finansiële rekords en verwante data, met inbegrip van notules van alle lede-, direksie- en direksiekomiteevergaderings. SENTRAAL-SUID KOÖPERASIE BEPERK en sy filiale FINANSIËLE BESTUURSOORSIG 2008 – 2009

Agtergrond

Die jaar onder oorsig is gekenmerk deur 'n ondergemiddelde oes, met kommoditeitspryse (koring) wat nie tydens oestyd aan die verwagtinge voldoen het nie. Die gevolg was dat 'n gedeelte van die oes later as normaalweg verhandel is en dus die kontantvloei en skuldposisie van lede in 'n mate tydelik negatief beïnvloed het. Laasgenoemde kan ook waar-geneem word in die stand van SSK se debiteure (oorlaatskuld) op die finansiële jaareinde.

Met inagneming van die styging in insetkoste die afgelope jaar, wat steeds buite verhouding is, is die swak ruilvoet 'n toenemende bron van kommer in die lig van volhoubaarheid.

Die hantering van graangewasse is ten spyte van 'n relatief swakker oes steeds die hoof-bron van inkomste (45% van bruto wins). Die Handelsafdeling se bydrae is 32% van bruto wins met 'n toename in omset van 12%. Die Meganisasie-afdeling het met behulp van 'n wesenlike bydrae deur die Ingenieursafdeling ook beter presteer as vorige jare en lewer indirek 'n belangrike bydrae tot ander afdelings se sukses. Kruissubsidie tussen verskillende doelstellings weens die dienselement van ons ondernemingsvorm bly 'n gegewe.

Inaggenome 'n styging van 12% in totale omset, styg uitgawes met 'n wesenlike 18%, 'n reële styging van ongeveer 8%. Die rede vir hierdie styging is hoofsaaklik die buitenge-wone uitgawes wat aangegaan is vir die ontwikkeling van 'n nuwe rekenaarsagteware-pakket (SAP) vir implementering later vanjaar.

SSK se doelstelling om vir sy lede waarde toe te voeg deur middel van sy filiale is duide-lik waarneembaar in die groep se finansiële resultate. SOILL verdien nogmaals spesiale vermelding. Dit is egter belangrik om kennis te neem dat die herstrukturering van SOILL weens 'n SEB-transaksie SSK se netto wins deur middel van 'n dividend wesenlik aan die positiewe kant beïnvloed. Die grootste gedeelte van hierdie dividend is egter eenmalig en affekteer nie die groep se syfers nie.

Oor die algemeen, ten spyte die swakker oes, was dit weereens 'n uiters suksesvolle jaar vir SSK en die groep waarin die meeste van ons doelwitte met die Genade van ons Hemelse Vader bereik is.

TOTALE OMSET

Die totale omset met lede en klante, insluitende netto graaninkomste, het toegeneem vanaf R440 246 830 in 2007/2008 tot R493 368 949 in 2008/2009. In reële terme is dit 'n styging van ongeveer 2%.

TOTALE OMSET

NETTO INKOMSTE/VERDELING VAN SURPLUS

Die jaar se bedrywighede het ten spyte van 'n gemiddelde oes uitloop op 'n netto inkomste voor belasting van R56 987 139 (2008: R20 605 813) Dit is egter belangrik om kennis te neem dat R29 258 789 van laasgenoemde bedrag afkomstig is van Soill in die vorm van 'n dividend met die herstrukturering van Soill vir SEB.

Die netto wins voor dividend ontvang vanaf Soill beloop dus R27 728 350. Belasting betaalbaar is R2 087 887. Voorsiening vir uitgestelde belasting beloop R255 739, dus is die netto inkomste na belasting R54 643 513. Die surplus word as volg verdeel:

TOTALE UITGAWES

Totale uitgawes het in die jaar onder oorsig gestyg met 18,79%. Buitengewone uitgawes met die sagteware-ontwikkeling (SAP), noodsaaklike onderhoud en opgradering van bates, toename in omset en personeelaanstellings is die hoofredes vir die reële styging van ongeveer 8% in uitgawes.

GRAAN

Klimaatstoestande in terme van veral reënval in die SSK bedieningsgebied gedurende die 2008/2009-produksieseisoen was nie gunstig vir graanproduksie nie. Opbrengste in die grootste gedeelte van die gebied was gevolglik teleurstellend laag. Die hoogste maandelikse reënval was in November toe dit nie meer 'n verskil kon maak aan die graanopbrengs nie. Die reën het ongelukkig skade tot gevolg gehad vir produsente wat nog besig was om te oes en hul graan se kwaliteit is erg daardeur benadeel.

Die algemene kwaliteit van die 2008/09-koringoes was steeds baie goed. Ten spyte van die gedeelte van die koringoes wat deur die reën beskadig is, was 41% van SSK se koring B1 en 37% B2. Die koring se proteïene was oor die algemeen uitsonderlik hoog, wat grootliks bygedra het tot die goeie grade.

Die kwaliteit van die moutgars-oes was daarenteen gemiddeld tot ondergemiddeld, met 'n komponent wat ook deur die reën beskadig is. Dit het tot gevolg gehad dat produsente nie baie goeie kwaliteitspremies vir hul moutgars gerealiseer het nie.

Canola se kwaliteit was oor die algemeen goed, behalwe dat die gemiddelde olie-inhoud effens laer as vorige seisoene was.

Hektare gesaai/geplant

Steeds minder hektare is gesaai/geplant as in die tydperk 2004 tot 2006. Hektare koring, canola en hawer het wel effens toegeneem op grond van gunstige prysseine op daardie vroeë tydperk van die seisoen, maar daarteenoor het gars en korog afgeneem. Verlaagde afname in gars-gesaaides/aanplantings is 'n bekommernis vanuit SSK se perspektief en die hoop is dat vertroue in die bedryf spoedig herstel sal word.

Hektare gesaai/geplant

Graanontvangstes

Alhoewel die afgelope jaar se totale silobesetting die laagste in vier jaar was, was dit steeds effens hoër as die langtermyn gemiddelde van sowat 110,000 ton per jaar. 14,164 ton canola vanaf die Overberg Agri, Tuinroete Agri en Swartland-gebiede wat by SSK gelewer is, en 15,913 ton mielies tesame met koring, voergars en korog wat vanuit ander distrikte by SSK silo's gelewer is, het bygedra tot 'n totale ontvangste van 121,745 ton. Slegs 82,613 ton (dws slegs 67.9%) was lewerings deur SSK-producente, wat 'n weerspieëling is van hoe swak die 2008/09-oes werklik was.

Saadverkope is onder druk van "eie saad" wat producente terughou en vir eie saad laat skoonmaak. Dit skep egter geleenthede vir, maar plaas ook druk op, SSK se saadskoonmaak-fasiliteite.

TOEKOMSBLIK

Onvoorspelbare klimaatstoestande, die ekonomiese resessie en politieke onstabieleit wêreldwyd skep onsekerhede in elke moontlike sfeer van die samelewing en die landbou is nie hiervan uitgesluit nie.

Die producente van SSK is te midde van genoemde onsekerheid toenemend afhanklik van die nodige bystand op elke moontlike gebied en dit is die Direksie en Bestuur se voorneme om gevestigde infrastruktuur en kundigheid wat oor jare deur die lede gevestig is, optimaal aan te wend as verlengstuk van ons lede vir ons lede.

Die Direksie en Bestuur is voortdurend besig met strategiese evaluering op elke moontlike gebied en sal, indien ekonomies geregverdig, nuwe projekte inisier ten einde diens aan sy lede voorop te stel en volhoubaarheid van die groep en sy lede te verseker.

Die vestiging en herstrukturering van filiale, verskuiwing van ons Handels- en Meganisasie-afdelings na die industriële gebied en die ontwikkeling van nuwe rekenaar-sagteware (SAP) is enkele voorbeelde van Bestuur se voorneme om aan te pas by die behoeftes van die tyd.

Presisie-boerdery is noodsaaklik vir produsente se toekomstige sukses en daar word deurlopend ook aandag gegee aan hierdie aspek ten einde nuwe tegnologie en dienslewering aan lede te verbreed.

Uit 'n politieke oogpunt verdien die jongste samestelling van die Ministerie van Landbou vermelding en is die positiewe sentiment wat uit landbougeledere daarmee gepaardgaan, gerusstellend vir die toekoms.

SSK se Direksie en Bestuur is te midde die uitdagings positief oor die toekoms en erken met nederigheid ons afhanklikheid van ons Hemelse Vader.

Ons weet nie altyd wat die toekoms inhou nie, maar ons het deur Genade toegang tot Hom wat die toekoms ken.

SENTRAAL-SUID CO-OPERATIVE LIMITED and its subsidiaries FINANCIAL MANAGEMENT REVIEW 2008 – 2009

Background

The year under review was characterised by a below-average crop, with commodity prices (wheat) that did not meet expectations at harvest time. The result was that a portion of the harvest was traded later than normal and this had a temporary negative effect on the cash flow and debt position of members. The latter can also be seen from the status of SSK's debtors (transfer debt) at the financial year end.

Taking into account the still disproportionate increase in input costs during the past year, the poor exchange ratio is becoming an increasing cause for concern.

Handling of grain crops, despite a relatively poorer crop, has again been the main source of income (45% of gross profit). The Merchandising division contributed 32% to gross profit, with an increase in turnover of 12%. The Mechanisation division has also posted an improved performance as against prior years due to a significant contribution by the Engineering division and indirectly makes an important contribution to the success of other divisions. Cross-subsidisation between different divisions due to the service element of our specific type of enterprise remains a given.

Taking into account an increase of 12% in total turnover, expenses increased by a significant 18%, a real increase of approximately 8%. The reason for this increase can mainly be ascribed to exceptional expenditure related to the development of a new computer software package (SAP) which would be implemented later this year.

SSK's goal to add value for its members through its subsidiaries is clearly evidenced in the group's financial results. SOILL in particular again deserves special mention. It is important, however, to take note that the restructuring of SOILL due to a BEE transaction has had a significantly positive effect on the net profit of SSK as a result of the payment of a dividend. The main portion of this dividend is, however, a once-off and does not have an effect on the group's figures.

In general, despite the poorer crop, SSK and the group have again enjoyed a very successful year in which most of the objectives have been achieved through the grace of our Heavenly Father.

TOTAL TURNOVER

The total turnover with members and clients, including net grain income, has increased from R440 246 830 in 2007/2008 to R493 368 949 in 2008/2009. In real terms this is an increase of approximately 2%.

NET INCOME/APPROPRIATION OF SURPLUS

The year's activities, despite an average crop, resulted in net income before taxation of R56 987 139 (2008: R20 605 813). However, note should be taken that R29 258 789 of the latter amount has been received from Soill in the form of a dividend with the restructuring of Soill for BEE. Net profit before dividend received from Soill therefore amounted to R27 728 350. Taxation payable amounted to R2 087 887. Provision for deferred taxation amounted to R255 739, giving a net income after taxation of R54 643 513. The surplus has been appropriated as follows:

Bonuses	R14 000 000
Cash	R 2 800 000
Deferred	R11 200 000
Reserves	R40 643 513

GROSS PROFIT PER DIVISION

TOTAL EXPENDITURE

Total expenditure has increased by 18,79% in the year under review. Exceptional expenses for software development (SAP), essential maintenance and upgrading of assets, increase in turnover and staff appointments were the main reasons for the real increase in expenditure of approximately 8%.

GRAIN

Climatic conditions, particularly in terms of rainfall, in the SSK service area during the 2008/2009 production season were not favourable for grain production. Yields in most parts of the area were therefore disappointingly low. The highest monthly rainfall occurred in November when it could no longer make any difference to the grain yield. The rain unfortunately caused damage where producers were still busy harvesting, impacting severely on the quality of the grain.

The general quality of the 2008/2009 wheat crop was, however, still very good. Despite the damage to part of the wheat crop caused by the rain, 41% of SSK's wheat was B1 and 37% was B2. Wheat had exceptionally high protein in general, which was the main contributor to the good grades. In comparison, the quality of the malting barley crop was average to below average, with a component which also suffered rain damage. This resulted in producers not realising very good quality premiums for their malting barley.

Canola's quality was good in general, apart from the average oil content being slightly lower than in previous seasons.

Hectares sowed/planted

Less hectares were sowed/planted than in the 2004 to 2006 period. Hectares of wheat, canola and oats have shown a slight increase due to favourable price trends at that early stage of the season, but in comparison barley and korog decreased. The decrease in barley sowings/plantings in particular is a source of concern from SSK's perspective and we trust that confidence in the industry will be restored soon.

Hectares sowed/planted

Grain intakes

Although the silo occupation in the past year was the lowest in four years, it was still slightly higher than the long-term average of approximately 110,000 ton per year. 14,164 tons of canola from the Overberg Agri, Tuinroete Agri and Swartland areas delivered to SSK, and 15,913 tons of maize, together with wheat, feed barley and korog delivered to SSK's silos from other areas, have contributed to total intakes of 121,745 tons. Only 82,613 tons (i.e. only 67.9%) were deliveries from SSK's producers, which is a reflection of how poor the 2008/2009 season really was.

Seed sales (50-kg units)

	SALES 2004	SALES 2005	SALES 2006	SALES 2007	SALES 2008	SALES 2009
Wheat	30 334	21 027	20 086	23 684	31 061	23 606
Barley	18 985	16 517	1 855	13 083	10 926	12 582
Oats	5 058	66 89	3 342	2 426	4 841	4 675
Korog	4 666	2 415	2 934	2 108	1 535	2 143
Canola	744	739	557	830	827	889
Lupin	390	625	242	253	476	500

Seed sales have been under pressure of "own seed" held back by producers and cleaned for own seed. This does, however, create opportunities but also places pressure on SSK's seed-cleaning facilities.

PROSPECTS

Unpredictable climatic conditions, the economic recession and political instability world-wide create uncertainties in virtually every sphere of society and agriculture is not excluded from this.

In the midst of this uncertainty, the producers of SSK are increasingly dependent on the necessary support in every area and it is the intention of the Board and Management to optimally utilise the established infrastructure and expertise that have been built up by the members over years as an extension of our members for our members.

The Board and Management are continuously busy with strategic evaluation in every possible area and will, if economically viable, initiate new projects in order to give precedence to service to its members and to ensure the sustainability of the group and its members.

The establishment and restructuring of subsidiaries, the move of our Trade and Mechanisation divisions to the industrial area and the development of new computer software (SAP)

are some examples of Management's intent to adapt to the requirements of the time.

Precision farming is essential for the future success of producers and attention is given to this aspect on a continuous basis in order to broaden technology and service delivery to members.

From a political perspective, the new composition of the Ministry of Agriculture deserves mention and the positive sentiment that came from agriculture in this regard augers well for the future.

In the midst of all the challenges, SSK's Board and Management remain positive about the future and humbly acknowledge our dependency on our Heavenly Father.

We do not always know what the future will hold, but through grace we have access to Him who knows the future.

SENTRAAL-SUID KOÖPERASIE BEPERK en sy filiale MEMORANDUM

U aandag word gevestig op die volgende aspekte van die voorgestelde nuwe gekonsolideerde statuut, welke statuut ter insae lê by die geregistreerde kantoor van die Koöperasie:

1. Die nuwe Koöperasiewet vereis dat daar in die statuut vermeld moet word of dit 'n primêre, sekondêre of tersiêre koöperasie is. Gevolglik is die omskrywing van die vorming van die koöperasie in paragraaf 1 van die statuut verander. Verder word dit vereis deur die Registrateur dat daar ook voorsiening gemaak word vir 'n vertaalde- en verkorte naam. Paragraaf 4 is gewysig om aan hierdie vereistes te voldoen.
2. Die definisie van "waarde van landbouprodukte" is gewysig, hoofsaaklik weens die rede vermeld in paragraaf 3 hieronder. Verder is verskeie nuwe definisies ingevoeg, onder andere "klandisieverhouding", "SSK-Oos" en "SSK-Wes".
3. Artikel 53 van die ou Koöperasiewet het gehandel met sogenaamde "nie-lede besigheid" en sekere belastingbepalings ten opsigte van "geslote koöperasies". Die nuwe Wet bevat egter glad nie soortgelyke bepalinge nie. Die feit dat die nuwe Wet nie 'n soortgelyke bepaling aan Artikel 53 bevat nie, veroorsaak, soos reeds vermeld, dat die definisies in paragraaf 2 van die statuut, asook die doelstellings in paragraaf 6 van die statuut, gewysig moes word.
4. Artikel 20 van die ou Wet het gehandel met die doelstellings van koöperasies. Artikel 3 van Gedeelte 4 in Skedule 1 van die nuwe Wet het 'n soortgelyke artikel, welke artikels gestalte vind in paragraaf 6 van die nuwe statuut.
5. Artikel 49 van die ou Wet het gehandel met bevoegdhede van koöperasies. Hierdie artikel is geïnkorporeer in paragraaf 7 van die nuwe statuut, waarin sekere beperkings op die bevoegdhede, soos in die ou Wet vervat, geplaas is. Die nuwe Wet bevat nie 'n artikel soortgelyk aan Artikel 49 van die ou Wet nie en gevolglik is paragraaf 7 van die nuwe statuut gewysig om voorsiening te maak vir die gebrek aan 'n soortgelyke artikel as dié van die ou Wet.
6. Paragraaf 7 van die nuwe statuut maak dus voorsiening vir omvangryke bevoegdhede aan die Koöperasie en u word versoek om spesifiek hierop te let.
7. Paragraaf 8 van die ou statuut word verwyder, aangesien die betrokke beperkings op lidmaatskap nie in terme van die nuwe Wet gedoen kan word nie. Volgens Artikel 3(1)(a) en 3(2) van die nuwe Wet kan lidmaatskap slegs beperk word op grond van die hoofbesigheid wat deur die koöperasie bedryf word, sowel as die kapasiteit

van die koöperasie om 'n uitbreiding van besigheid te hanteer. Die nuwe Wet vereis verder ook dat alle lede die dienste van die koöperasie moet gebruik. Behalwe vir voormelde uitsonderings moet 'n koöperasie se lidmaatskap oop wees vir alle persone wat die dienste van die koöperasie kan gebruik en in staat is om hulle verpligtinge teenoor die koöperasie na te kom.

8. Alle verwysings na die vorige Landbankwet is gewysig na die nuwe Wet. Sien paragraaf 20, ens.
9. Die tydperk vir terugbetaling van aandeelkapitaal in paragrawe 24 – 29 van die nuwe statuut is vervang tot hoogstens 2 jaar, soos vereis deur die nuwe Wet.
10. Paragrawe 41 en 42 van die ou statuut is gewysig in paragraaf 36 van die nuwe statuut en kan ongelukkig nie meer voorsiening maak vir direkteure wat nie lede is nie. In terme van die nuwe Wet moet alle direkteure ook lede wees. Voormelde wysiging affekteer ook paragrawe 45, 50 en 52 van die ou statuut, soos vervang met paragrawe 40, 41 en 47 in die nuwe statuut. Verder word daar voorsiening gemaak dat die Raad wel lede kan koöpteer as direkteure vir bepaalde kundigheid en ook konsultante vir die doel kan aanstel.
11. Die twee maande tydperk in paragraaf 58.1 van die ou statuut is vervang met die woorde "so spoedig moontlik" in paragraaf 53.1 van die nuwe statuut, aangesien die nuwe Wet nie meer die tydsbeperking van twee maande vereis nie.
12. Die boete van R200-00 (tweehonderd rand) in paragraaf 62(b) is vervang met R20 000-00 (twintigduisend rand) in paragraaf 57 in die nuwe statuut.
13. Die tydperk waarbinne die AJV moet plaasvind is 180 dae na datum van finansiële jaareinde. Sien paragraaf 61.
14. Slegs 1 lid – 1 stem sal voortaan geld en daar is geen voorsiening vir 'n geweegde stem nie. Sien paragraaf 72 van die nuwe statuut, wat paragraaf 75 van die ou statuut vervang.
15. Die twee maande tydperk in paragraaf 81 van die ou statuut is weereens vervang met die woorde "so spoedig moontlik" in paragraaf 78(1) van die nuwe statuut, aangesien die twee maande periode nie deur die nuwe Wet vereis word nie. Verder is 'n nuwe paragraaf 78.2 ingevoeg ten opsigte van rekordvereistes en goedkeuring van die notule.

16. Let op die invoeging van 'n nuwe paragraaf 79.2 in die nuwe statuut.
17. Paragraaf 83(a) van die ou statuut maak voorsiening vir 'n beperking op onversekerde lenings tot 20 (twintig) persone of 'n totale bedrag van R500 000-00 (vyfhonderd duisend rand). Hierdie beperking is weggelaat in paragraaf 80 van die nuwe statuut, aangesien hierdie beperkings uit die Bankwet verwyder is en nie meer vereis word nie.
18. Paragraaf 85(2) van die ou statuut is vervang met paragraaf 82.2 in die nuwe statuut. Geliewe daarop te let dat die borgvereiste geskrap is.
19. Geliewe te let op die invoeging van 'n nuwe paragraaf 88(a) in die nuwe statuut, welke bepaling nie voorgekom het in paragraaf 92 van die ou statuut nie. Voormelde bepaling word deur die nuwe Wet vereis. U moet ook daarop let dat hierdie 'n aparte reserwe is en nie verwys na u koöperasie se bestaande algemene reserwes nie.
20. Let op die invoeging van 'n nuwe paragraaf 92.5, wat volledig voorsiening maak vir die skep van nuwe ledefondse.
21. Let asseblief op die invoeging van 'n nuwe paragraaf 93 in die statuut ten opsigte van die verdeling van reserwes.
22. Die tegniese bewoording van paragraaf 97 van die nuwe statuut is gewysig ten einde spesifiek te bepaal dat die voorskotbetalings as lenings beskou moet word.
23. Paragraaf 111 van die ou statuut is geskrap.
24. Paragraaf 102 in die nuwe statuut is wesenlik verkort. Meeste van die bepalings in die ou statuut is vervang met die nuwe Kredietwet en gevolglik is dit raadsaam dat die terme van nuwe kredietooreenkomste eerder aan die diskresie van die raad oorgelaat word, wie op hulle beurt moet toesien dat daar voldoen word aan die bepalings van die nuwe Kredietwet.
25. Die nuwe Wet maak voorsiening dat 'n koöperasie in sy statuut kan voorsiening maak vir alternatiewe dispuut resolusiemetodes tussen 'n koöperasie en sy lede. Laasgenoemde word sterk aanbeveel, aangesien Hofprosedures dikwels duur en uitgerek is. Derhalwe is paragrawe 106 en 107 in die nuwe statuut ingevoeg ten einde voorsiening te maak vir die moontlikheid van alternatiewe dispuutresolusie.

26. Die omskrywing en bewoording wat in die ou statuut gebruik is aangaande "ledebelangefondse" en "ledeheffingsfondse" was moontlik dubbelsinnig. Hierdie aspekte is duidelik onderskei en meer doeltreffend bewoord.

U word versoek om die voorgestelde, nuwe gekonsolideerde statuut te bestudeer en enige navrae voor die Algemene Jaarvergadering aan die Sekretaris van die Koöperasie te rig.

GEDATEER te SWELLENDAM op hede die 11de dag van JUNIE 2009.

SEKRETARIS

SENTRAAL-SUID KOÖPERASIE

SENTRAAL-SUID CO-OPERATIVE LIMITED and its subsidiaries

MEMORANDUM

Your attention is drawn to the following aspects of the proposed new consolidated Statute, which is available for inspection at the registered office of the Co-operative:

1. The new Co-operatives Act requires that mention be made in the Statute whether it is a primary, secondary or tertiary co-operative. The description of the establishment of the co-operative in paragraph 1 of the Statute has therefore been amended. It is furthermore required by the Registrar that provision also be made for a translated and abbreviated name. Paragraph 4 has been amended to comply with this requirement.
2. The definition of "value of agricultural products" has been amended, mainly due to the reason given in paragraph 3 below. In addition, various new definitions have been inserted, inter alia "goodwill ratio" and "SSK East" and "SSK West".
3. Article 53 of the old Co-operatives Act dealt with so-called "non-member business" and certain tax provisions with regard to "closed co-operatives". The new Act, however, does not contain any similar provisions. The fact that the new Act does not contain a similar provision to article 53 was the cause, as already mentioned, for the definitions in paragraph 2 of the Statute, as well as the objectives in paragraph 6 of the statute, had to be amended.
4. Article 20 of the old Act dealt with the objectives of co-operatives. Article 3 of Section 4 in Schedule 1 of the new Act has a similar article, which articles are embodied in paragraph 6 of the new Statute.
5. Article 49 of the old Act dealt with powers of co-operatives. This article had been incorporated into paragraph 7 of the new Statute, in which certain restrictions are placed on the powers, as contained in the old Act. The new Act does not contain a article similar to article 49 of the old Act and therefore paragraph 7 of the new Statute had been amended to make provision for the lack of a similar article to that of the old Act.
6. Paragraph 7 of the new Statute therefore makes provision for extensive powers to the Co-operative and you are requested to take specific note of this.
7. Paragraph 8 of the old Statute has been deleted as the specific restrictions may not be placed on membership in terms of the new Act. According to article 3(1)(a) and 3(2) of the new Act membership may only be restricted on the basis of the main business of the co-operative and the capacity of the co-operative to handle an expansion of the

business. The new Act furthermore requires that all members must make use of the services of the co-operative. Except for the aforementioned exceptions, a co-operative's membership must be open to all persons that can make use of the services of the co-operative and are able to fulfill their obligations towards the co-operative.

8. All references to the previous Land Bank Act have been amended to the new Act. See paragraph 20, etc.
9. The period for repayment of share capital in paragraphs 24 – 29 of the new statute has been replaced to be a maximum of 2 years, as required by the new Act.
10. Paragraph 41 and 42 of the old Statute had been amended in paragraph 36 of the new Statute and can unfortunately no longer make provision for directors who are not members. In terms of the new Act all directors have to be members. The said amendment also impacts on paragraphs 45, 50 and 52 of the old Statute, as replaced by paragraphs 40, 41 and 47 in the new Statute. Provision is furthermore made for the Board to co-opt members as directors for specific expertise and the Board may also appoint consultants for this purpose.
11. The two-month period in paragraph 58.1 of the old Statute had been replaced by the words "as soon as possible" in paragraph 53.1 of the new Statute, as the new Act no longer requires the time restriction of two months.
12. The penalty of R200-00 (two hundred rand) in paragraph 62(b) has been replaced by R20 000-00 (twenty thousand rand) in paragraph 57 in the new Statute.
13. The period in which the AGM must be held is 180 days after date of the financial year end. See paragraph 61.
14. Only 1 member – 1 vote would apply in future and there is no provision for a weighted vote. See paragraph 72 of the new Statute, which replaces paragraph 75 of the old Statute.
15. The two month period in paragraph 81 of the old Statute has similarly been replaced by the words "as soon as possible" in paragraph 78(1) of the new Statute as the two month period is no longer required by the new Act. In addition, a new paragraph 78.2 had been inserted with regard to requirements of recording and approval of minutes.

16. Please note the insertion of a new paragraph 79.2 in the new Statute.
 17. Paragraph 83(a) of the old Statute makes provision for a restriction on unsecured loans to 20 (twenty) persons or a total amount of R500 000-00 (five hundred thousand rand). This restriction has been omitted in paragraph 80 of the new Statute as this restriction has been removed from the Bank Act and is no longer required.
 18. Paragraph 85(2) of the old Statute has been replaced by paragraph 82.2 in the new Statute. Please note that the requirement for suretyship had been omitted.
 19. Please take note of the insertion of a new paragraph 88(a) in the new Statute, which provision did not appear in paragraph 92 of the old Statute. The said provision is required by the new Act. Please also take note that this is a separate reserve and does not refer to your co-operative's existing general reserve.
 20. Please take note of the insertion of a new paragraph 92.5 which makes full provision for the creation of new members' funds.
 21. Please take note of the insertion of a new paragraph 93 in the Statute with regard to the appropriation of reserves.
 22. The technical wording of paragraph 97 of the new Statute has been amended in order to stipulate specifically that the advance payments should be regarded as loans.
 23. Paragraph 111 of the old Statute has been deleted.
 24. Paragraph 102 in the new Statute had been shortened significantly. Most of the provisions in the old Statute has been replaced by the new Credit Act and it is therefore judicious that the terms of new credit agreements should rather be left to the discretion of the Board who, in turn, has to ensure that the provisions of the new Credit Act are complied with.
 25. The new Act makes provisions for a co-operative to make provision in its Statute for alternative dispute resolution methods between the co-operative and its members. This is strongly recommended as Court procedures can be expensive and lengthy. Paragraphs 106 and 107 had therefore been inserted into the new statute in order to make provision for the possibility of alternative dispute resolution.

26. The definition and wording used in the old Statute with regard to “members’ interest funds” and “members’ levy funds” may have been ambiguous. These aspects are now clearly distinguished and effectively worded.

You are requested to study the proposed new, consolidated Statute and direct any queries in this regard before the Annual General Meeting to the Secretary of the Co-operative.

DATED at SWELLENDAM on this, the 11th day of JUNE 2009.
